SULZER STRIPPED OF SOME POWERS BY LIEUTENANT

Loses Control of the National Guard of New York and the Great Seal.

GOVERNOR PREPARES FOR A LONG SIEGE

All New Locks Are Put on and an Attendant is Stationed at Each Door—Mrs. Sulzer Still Ill.

Albany, N.Y., Aug. 15.—Formal demand for the surrender of the executive chamber and offices, the privy seal and all books, papers, records and documents relating to the executive department was made upon Governor William Sulzer by Lieutenant Governor Martin H. Glynn today.

Governor Sulzer refused to comply with the demand. Instead, in Governor Sulzer's refusal, according to D. Cady Herick, chief of his counsel, is a proposal that Glynn and Sulzer prepare an agreed statement of the facts in their controversy and submit them to the courts to determine who is governor of New York.

Mr. Glynn's letter is addressed to Mr. Sulzer simply as "Hon. Wm. Sulzer, Albany, N.Y." It is signed by Mr. Glynn as selling governor and reads as follows:

"In the performance of the duty which has devolved upon me as article 4, section 6, I officially demand that you deliver and surrender to me as selling governor during the period of your constitutional disability to act as governor, the executive chamber and offices, and that you likewise deliver and surrender to me the executive privy seal of the state of New York, and also all books, papers, records and documents in said chamber, or offices, or elsewhere in your charge, possession or custody relating to or in any way connected with or pertaining to the executive department. The bearer hereof is authorized to receive your answer to this communication.

"Respectfully,
(Signed) Martin H. Glynn,
"Acting Governor."

Sulzer Makes Reply.

Governor Sulzer's reply was given promptly to Mr. Glynn's messenger. It was addressed to Hon. Martin H. Glynn, lieutenant governor, and said:

"Yours of the 14th inst. demanding that I deliver and surrender to you as acting governor, the executive chamber and offices, and that I likewise deliver and surrender to you the executive privy seal of the state of New York, and also all books, papers, records and documents in said chamber or elsewhere in my charge, possession or custody relating to or in any way connected with or pertaining to the executive department, received.

"In response thereto, I decline to recognize you as acting governor of the state, and decline to deliver to you, as such, possession and occupancy of the executive chamber, and offices, and in any way comply with the demands, and requests in your letter.

"I shall continue to exercise and discharge the constitutional duties of the governor of the state of New York, first among other reasons because I am advised that the assembly at its present extraordinary session possessed and possesses no power or authority to pass articles of impeachment, and secondly because the lieutenant governor of the state is not authorized to act as governor in case of impeachment of governor unless such impeachment is sustained.

"I would do to courts.

"For the purpose of preventing any unnecessary struggle I suggest that counsel for the lieutenant governor and for myself agree upon a method of submitting the question to the courts for discussion and for that purpose that each session be forthwith called so that a speedy determination may be had.

"Respectfully,
(Signed) William Sulzer, Governor."

Preparations as if for a long siege were made at the executive chamber upon the arrival of Lieutenant Governor Glynn at the capital. The locks on every door leading to the chamber and the governor's private office were changed and an attendant was stationed at each entrance.

The second day of the dual administration in New York dawned on a whirlpool of confusion in the capital. A steel chain with a heavy padlock seal by United Lock and Key, the only seal to the executive chamber, William Sulzer's office, was bolted and barred. From the two offices the supreme tribunal of the nation's guard, the council of the national guard, presided by the great seal, recognized by New York's secretary of state, and by

Says He Killed Friend; Buried Him in Alberta

Prisoner Will Be Held in Missouri for Delivery to Canadian Authorities

Braymer, Mo., Aug. 15.—William J. Gilling, 22 years old, according to the county officials, has confessed that he killed his friend, John P. Benson, formerly an attorney of Braymer, and buried the body in the Benson shanty on a claim near Glenora, Bascom district, Alberta, last May, after taking \$1800 from Benson's clothing.

Gilling was taken to the county jail at Kingston and will be held for the Canadian authorities.

NANAIMO STRIKE REPORTED OVER; NO CONFIRMATION

Settlement is Said to Have Been Reached and Miners Will Resume Work.

LADYSMITH AND NANAIMO ARE NOT RIOTING NOW

Militia's Presence Brings Quietness Among the Turbulent Strikers—Guns Are Ready and Much Ammunition on Streets.

Vancouver, Aug. 15.—A bulletin received here at 1 o'clock from Ladysmith, B.C., states that the strike is settled and arrangements have been made to resume work. No details of the settlement are given.

Highlanders on Scene.

Vancouver, B.C., Aug. 15.—The Princess Patricia's Canadian Light Infantry, arrived at Ladysmith at 5 o'clock this morning.

No trouble was reported from there or at Nanaimo.

Recurrence of Trouble.

Nanaimo, Aug. 15.—Though matters were quiet during yesterday, towards the evening there was a recurrence of the previous day's disturbances, though the trouble was of a minor nature.

The arrival of the militia had the effect of bringing the strikers to their senses, but when the regulars left Nanaimo the crowd again got out of hand and an exciting scene was witnessed when a strike breaker was seized. The taking refuge in the police station was the means of saving his life probably.

Part of Nanaimo is in ruins, Estimation is in a worse plight, and many of the strike breakers are in the hills seeking refuge. Last night between three and four hundred militia left Vancouver, the majority of the men going to the strike region. A small number proceeded to Victoria to replace the regulars who are at Estimation.

There are rumors to the effect that a settlement has been reached.

Prepared for Business.

The militia comprising detachments from three Victoria regiments, marched to town at 10 o'clock yesterday morning, through streets thronged with soldiers, and the Royal Canadian artillery, swung along in silence, only relieved now and then by a sharp command from the officers.

Each of the soldiers carried rifle and side arms, as well as blankets and their

PARLIAMENT PROLOGUE.

London, Aug. 15.—The British parliament was prorogued today and will not reconvene until February next, one of the most important and something extremely important happens.

The king's speech was read in the house of lords was colorful.

Today's adjournment of parliament was a most unimportant affair. Not a single cabinet minister attended and only about a score of ordinary members followed the speaker to the house of lords where the king's speech was read.

The only matter of interest to the Dominions in the speech from the throne was the reference to the passing of the appellate jurisdiction bill, "which will ensure that the supreme tribunal of the empire will be fully and adequately constituted so as to meet the needs of the months of my Indian Empire and of my Dominion overseas."

OTHER GIRL GIVES STRONGER VERSION

Story of Marsha Warrington is Fully Confirmed by that of Lola Norris.

San Francisco, Aug. 15.—Lola Norris, friend of Marsha Warrington, on the witness stand yesterday, repeated virtually unchanged, but in even stronger terms, the story of intimidation and eloquent from Sacramento to Reno on which the government bases a prosecution of Maury Diga and Drew Gammetti, under the Mann Act. The trial of Gammetti will follow that of Diga, now in progress.

Lola Norris never wavered at a loss for an answer. In all essential details, her narrative was the same as that of Marsha Warrington. She reaffirmed that the eloquent to Reno was only brought to pass by threats of exposure if they remained in Sacramento, that marriage had been promised before and after the flight and that Diga bought the tickets.

FRAM SAILS FOR PANAMA CANAL

Explorers Peary and Amundsen Will Be on Board—First to Go Through Big Ditch.

Buenos Ayres, Aug. 15.—The whaler Fram, commanded by Captain Roudel left here yesterday for Colon, with the intention of taking on board there Rear Admiral Robert E. Peary and Captain Ronald Amundsen, the explorers who will be the first to pass through the Panama canal on board ship.

Captain Amundsen will afterwards proceed in the Fram toward the north pole, taking advantage of the Arctic current returning on board on her to Christiansia, Norway, traversing on the way to the Spitzbergen archipelago.

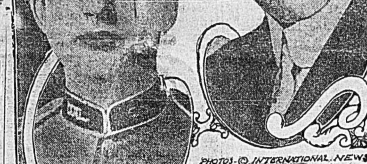

Amundsen's expedition is taking place in order to perfect himself in navigation at San Francisco so that he may be able to make flights in the polar regions.

The expedition is expected to take six years for its completion.

CHINESE AMBASSADOR HERE.

Li Ping Lin, Chinese ambassador to Canada, with headquarters in Ottawa, is a visitor to Edmonton today. The Chinese ambassador, who is a guest at the Alberta Hotel, is here to discuss the Canadian under which his fellow countrymen live.

This morning Li Ping Lin spent part of the morning with Attorney-General Cross, and in the afternoon he was entertained to lunch by the local Chinese colony.

Rogers Says Conditions in West Will Be Good in Fall

Dominion Minister of Public Works Comes to This City and Declares that the "Banks Simply Went Crazy With Unnecessary Pessimism for Which There Was No Justification."

"I am certain that conditions in the west will be very bit as good this fall as they have ever been in the past," said the Hon. Robert Rogers, Dominion Minister of Public Works, who arrived in the city this morning. Mr. Rogers, who is touring the west in connection with his department, travelled over the C.P.R. from Saskatoon, in the government private cars Bangor and Aroostook.

Discussing the current situation with a Capital reporter, Mr. Rogers blamed the banks for the recent period of financial stringency. "The banks," said Mr. Rogers, "simply went crazy with unnecessary pessimism, for which there was no real justification. However, they are already beginning to recover, and conditions in the west this year will be just as brisk as ever they have been before."

The minister of public works was extremely optimistic for the future of the west. "The crop this year," he said, "is a record one for the Dominion. With the proceeds from the sale of this great crop before us, and a thousand immigrants pouring into the country every day, what can keep us back?"

Only On Threshold.

Abnormal as has been the development of the west in the past, Mr. Rogers expressed the opinion that it was as nothing to what would take place in the future. "The west is only on the threshold of its development," said Mr. Rogers, "and what will be done in the future is completely dwarfed by the development which is now regarded as so wonderful."

It is in fact, said Mr. Rogers, that the minister of public works visited Edmonton, and he expressed himself as both gratified and surprised at the development which had taken place in the interval. "It is quite like Edmonton," said Mr. Rogers, "that I keep my department busy. No sooner have you got one improvement than the phenomenally rapid increase in population justifies you in demanding others."

Fair Association Decides Against Cutting Program

SCHEDULE BEING CARRIED OUT IN SPITE OF RAIN

TODAY'S PROGRAM.

8:30—Gates open.
10:00—Judging continued of horses and cattle in stock pavilion, and of dogs in dog building.
11:00—Band concert.
1:30—Band concert.
2:00—Judging of live stock, grand stand vaudeville, harness and running races, high jumping contest and jumping of light horses in front of grand stand.
3:00—Balloons ascension, parade of prize winning cattle and horses.
4:00—Grand stand vaudeville.
5:00—Military tattoo.
9:30—Fireworks.

PRIZE WINNING STOCK MAY PARADE TODAY

Big Program Promised for Tomorrow if Day is Favorable—Extensive Pyrotechnical Display in Evening—Complete Judging Today.

The program for today, Review Day, at the Edmonton Exhibition is one of the strongest of the week, and no matter whether the sun shines or the rain comes down in torrents, the program as scheduled will be pulled off. Should the weather be unsatisfactory it may be possible that the balloon ascension and the fireworks will be postponed until tomorrow evening, but the balance of the card will be carried out. If cold conditions should be in evidence, the afternoon show will be carried out in front of the grandstand during the racing programme, but the evening show will be held in the stock pavilion. This evening the military tattoo will be in the stock pavilion.

Judging in Ring.

This afternoon the judging of harness horses and high jumpers will be continued in the judging ring in front of the grandstand, if the weather is satisfactory. If it is not, the stock pavilion.

The directors have adopted the slogan of "Let it rain." The program as planned will be carried out during the entire fair. Despite the inclement weather the attendance has been very satisfactory and not one of those in attendance has anything but words of praise for the attractions. The weather has had no effect on the program. The directors have decided that such a move would not be wise and that those who were interested in the show of the elements were entitled to witness the entire program as mapped out in the schedule.

The afternoon show will be brought down to a minimum through the industry of Jupiter Pluvius, but the Edmonton will gain enormously from the advertising it secures from the fair to more than offset the loss of more dollars and cents which the books of the association may show at the end of the week.

Big Day Tomorrow.

If the weather is fine overhead tomorrow will be the big day of the exhibition. The rain has not yet begun to fall, but the forecasters predict that it will be a very heavy shower. The fair is expected to be a very successful one. The attendance has been very satisfactory and not one of those in attendance has anything but words of praise for the attractions. The weather has had no effect on the program. The directors have decided that such a move would not be wise and that those who were interested in the show of the elements were entitled to witness the entire program as mapped out in the schedule.

NAME CANDIDATES IN PEACE RIVER

Parties Select Standard Bearers Tomorrow—Election on September 2.

The returning officer for the deferred election in Peace River has set Saturday, August 16th, as nomination day for this constituency, while September 2nd has been designated as election day. Only two candidates have announced themselves for election. The candidates are: John J. Rogers, who is a resident of the town, and a third candidate may enter the contest. The nominations are entered tomorrow.

SAYS QUEENSTOWN IS A SAFE HARBOR

Former Pilot Willing to Stake His Reputation as a Sailor on Statement.

London, Aug. 15.—After listening to vigorous speeches by Irish members in the house of commons yesterday concerning the abandonment of Queenstown as a calling port for the big British mail steamers, which was held that without first getting the sanction of parliament, we had no right to ask the company to abandon the port. The company had given "no formal answer" to the question, but had only said that it was "under consideration."

Before the meeting of parliament yesterday a delegation representing the business interests in Cork and Queenstown protested to Mr. Samuel against permitting the abandonment of Queenstown as a calling port. The delegation was headed by Mr. Samuel, and consisted of the following: Mr. Samuel, Mr. Joseph Bennett, provincial secretary for Manitoba, B. B. Bennett, K.C., came up from Calgary today, but is not travelling with the minister of public works. Dissuading the financial stringency, Mr. Bennett stated that he believed the recent period of uneasiness would have nothing but good results for the future. "The west is only on the threshold of its development," said Mr. Bennett, "and what will be done in the future is completely dwarfed by the development which is now regarded as so wonderful."

It is in fact, said Mr. Rogers, that the minister of public works visited Edmonton, and he expressed himself as both gratified and surprised at the development which had taken place in the interval. TO RELINQUISH SAFE SEAT TO GAIN POINT

Proposition of Sir John A. Simon is to Win a Free Trade Victory

London, Aug. 15.—Sir John A. Simon, K.C., solicitor general, has decided to relinquish his safe seat in Walthamstow to contest north-west Manchester. The decision is a result of the fact that Sir John Simon's free trade policy has been a success in many cases which the liberals had lost and amongst the most important is free trade.

This intention, it is alleged in some quarters, is due to the desire of the radicals devoted to Premier Asquith to lessen Lloyd George's influence in the cabinet. Radicals of the Asquith type know the premier is much attracted to the more radical party and help keep the chancellor of the exchequer a trifle more in the background.

Terrific Heat Paralyzes Crops in United States

Kansas, Missouri, and Oklahoma Still Swelter After Eleven Days—
Water Famine Responsible for Extreme Suffering Among
the People and the Livestock of the Three States.

Kansas City, Aug. 15.—Kansas, Missouri, and Oklahoma, yesterday sweltered under the 11th day of terrific heat which has paralyzed crops and caused water famine, and has been responsible for extreme suffering among the people and the livestock of the three states.

Local showers in Kansas yesterday failed to offset the general temperature which again reached an average maximum of over 100 degrees. In many places it reached 100, and few stations reported temperatures lower than 100.

A half inch of rain fell at Topeka caused the temperature to drop 12 degrees in an hour, but at hour later, the mercury had climbed up to the maximum of the day. The showers were confined to a local territory less than a mile square. People shivered and cheered as the drops began to fall, and many stood for a half hour in the downpour as it was the first rain there since July 19th. The sustained heat of the ground and the crops had no records and this summer has been the driest in the history of the state.

Since the drought began, the crops have been withered and the soil has become so dry that it will not even make good feed. In certain sections it is being blown away, and the process is unnecessary. Olathe, Lawrence, Medicine Lodge and other Kansas towns have exhausted their water supplies.

Notwithstanding the warning of the Kansas state officials that the farmers should not rush the cattle to market, 12,000 were brought to market yesterday. This was almost three times as many as were brought in a

week. Stock men on the western prairie of Kansas that it almost impossible to obtain feed for their stock, and it is estimated that they have sold almost all the stock they have. The cattle are dry and the Kansas river and other larger streams are lower than they have been in 20 years.

Poultry is being rushed to market because of the water and the fact that the hens won't lay during such hot weather. Many chickens have died from heat prostration.

Many areas have died or been prostrated from lack of water, and hundreds have died. Four men died from the effects of the heat last night and a young woman died at Topeka. Thousands of men, women and children, driven off by the heat, slept on the sidewalks, by yards and on the side of the road.

Some Oklahoma farmers suffering from water shortage are depending on supplies shipped in by the railroads. Kansas City, Mo., Aug. 15.—How to get water for man and beast and how to save a little out of crops of late summer products represented by Missouri, Kansas and Oklahoma, was a serious problem today. It was the 11th day of intense heat. Poultry scattered showers in a few localities. Most of them were ineffective.

A train of 130 cars of water was shipped from Pittsburg, Kan., early today to the mines of a coal company in the Kansas territory. The train carried hundreds of miners and their families and for operating the company's engine. The water was sold by the city of Pittsburg and came from wells at 12,000 feet deep, believed to be inexhaustible.

The demand for water is so great that the city of Pittsburg has shut down. The few wells that still give water are surrounded by thousands of people who are waiting for water and gone that they might be near a water source.

Some cattle shortened. With the heat and the drought the program for yesterday was carried out without a hitch. Some of the cattle were shortened and the line made the track was very slow owing to the mud, but despite this the program was a splendid time. The only item excluded from the program was the big calf parade around the track which was to have been headed by baby Sherman and the \$10,000 calf.

The prize winning stock will have their day in review before the grandstand. If it does rain and the parade is cut off, the program will be very much in evidence. FAIR DISCUSSION REDEEMED AGAINST COUNCIL PROGRAM

(Continued From Page One.)

That Edmonton's exhibition is far ahead of anything ever attempted by the association was clearly demonstrated yesterday when over 21,000 people visited the grounds and spent the entire afternoon and evening viewing the various exhibits, watching the attractions, and listening to the speakers.

During the morning the skies were lowering and Jupiter Pluvius gave indications that it was to be another of his rainy days, but the clouds of Edmonton and visitors from out of town points were undisturbed and fully packed to the grounds.

The remainder of the afternoon was spent in the various exhibits, watching the attractions, and listening to the speakers. The program was a splendid time.

PRESIDENT PAPAS AMBASSADOR WILSON

SCORING BRITAIN
ABOUT HIS CANDIDACY

United States Regrets that Wilson Should be Guilty of Such Improprity.

HUERTA WILL NOT TELL ABOUT HIS CANDIDACY

Refuses to Say at This Time Whether He Will Run to Be Chief Executive of Mexico.

Mexico City, Aug. 15.—The Mexican cabinet at 11 P.M. reported to the government today that Col. Jesus Carranza, a brother of the late President Carranza, of Oaxaca, the head of the revolution, has asked the United States to appoint Carranza as president of Mexico.

Rebuke For Ambassador. Washington, Aug. 15.—President Wilson last night publicly rebuked Ambassador Henry Lane Wilson for his recent attack on the British foreign office. Ambassador Gray was instructed to express to Sir Edward Grey the regret that Carranza should have been a diplomatic official of the United States.

The action of the administration here followed the receipt of a cable from Carranza, who in an early morning dispatch had quoted a statement from the British foreign office that Carranza was a revolutionary leader in Mexico, and that Carranza was a revolutionary leader in Mexico.

The official interpretation of the statement here was that Great Britain had been misled by Carranza, and that Carranza was a revolutionary leader in Mexico, and that Carranza was a revolutionary leader in Mexico.

Improprity Is Admitted. Ambassador Wilson, in an authorized statement, declared that if the statement really emanated from the British foreign office, it was a "pure invention, unworthy of the British foreign office, and with the character it has maintained before the world for two centuries."

Secretary Bryan, after a conference with the President last night, then said the case of Carranza was a "pure invention, unworthy of the British foreign office, and with the character it has maintained before the world for two centuries."

The interview given to the press yesterday was a "pure invention, unworthy of the British foreign office, and with the character it has maintained before the world for two centuries."

Mexico City, Aug. 15.—President Huerta is unwilling either to deny or confirm that he will be a candidate for the presidency of the republic. The Mexican newspaper man, in a written communication, requested General Huerta to make a statement on this point, calling the attention to the declaration made by Minister of War Blandino Alvarado that Huerta was a choice for the presidency.

President Huerta instructed Minister of War Blandino Alvarado to reply to his question in the present time was too early and that he would make no statement regarding his possible candidacy until 10 or 15 days.

Most interest has been aroused in Carranza's candidacy, and Carranza has been a choice for the presidency. Carranza has been a choice for the presidency.

PRINCE WANTED WHITE SLAVE CHARGE ESCAPES

Sailed from Vancouver to Victoria—Authorities Asked Captain to Enter American Water.

Vancouver, Aug. 15.—A plan to halt the Canadian Pacific mail steamer Empress of Russia at sea and take off Prince Stanislaw Sukowiski, Wednesday carefully worked out by the United States marshals and the revenue cutter service failed because the commander of the steamer refused to comply.

United States district attorney Shober at Los Angeles, telegraphed to the United States district attorney Bidwell at Seattle, asking him to effect the arrest of the Prince if it was possible. Captain Stanislaw Sukowiski, who was called into consultation. It was found that the Empress of Russia, on her way from Vancouver to Victoria, would pass close to the San Juan Islands, and that on the previous voyage Fisher and his crew had been taken into American waters.

It was planned to have the cutter auxiliary schooner lying in wait off the San Juan Islands, and arrest the Empress of Russia, and arrest the Prince. ROGERS SAYS CON- DITIONS IN WEST WILL BE GOOD

(Continued From Page 1.)

At a luncheon given by the local Conservative association in the Corona this morning. A large number of prominent conservatives were present, including R. B. Bennett, K. C., F. W. Evans, M.P.P., K. C., James Fowler, M.P.P., H. H. Crawford, M.P.P., the Hon. Joseph Bennett, provincial secretary of Manitoba, Mayor Woods, Albusaas Landis.

Mr. F. W. Evans, chairman of the Conservative association, who presided, welcomed Mr. Rogers to Edmonton. Mr. Rogers briefly dealt with the political situation, reviewing the naval situation and other vital questions.

At the close of the banquet, Mr. Rogers paid a visit to the exhibition. Arrangements have been completed for the big banquet to be tendered by the city to Mr. Rogers in the new Empire hotel on Second street at 7 o'clock this evening. The event is to be of an informal nature and over 75 invitations have been issued.

Mayor Shurtliff will preside at the banquet and Alderman Tipton will be called on to make the address of welcome to the distinguished visitor. The minister of public works will make the principal speech of the evening in response to the address of welcome. Addresses will also be given by H. G. W. Cross, J. M. Douglas, A. P. Evans, Frank liver and others.

Three and a quarter inches of rain fell in Winnipeg last night, and of this the greater percentage fell between seven and nine in the evening. Streets today are soaked fresh and clean.

The stampede is again lucky, sun being on today, but the sun is a sea of mud, and some spectacular stunts are likely to figure in the roping and bucking of the animals.

It was pretty general over the Canadian west last night, but there was nothing to approach the scale of the stampede, though an inch and a half fell at Yorkton and a number of Manitoba points.

Some of the have and conservation was noted last night at the exhibition grounds, where the animals were being held when the first section of the big storm hit the Indian village and led to the stampede.

There were 175 men, women and children in the tents at the time, and the stampede was a great success. The rain pouring down in an avalanche upon them, a wind sweeping by and snatching trees in the course and the

FISHERMEN DIE OF STARVATION IN NOVA ZEMBLA

Last Winter Was So Severe
That They Were Unable to
Catch Sufficient Fish.

SUPPLIES RUN OUT AND HUNDREDS DIE

Last Entry in a Diary States
That All Are Dying—Eat
Woolen Clothes.

Paris, Aug. 15.—Deaths by starvation of more than 100 fishermen and families in Nova Zembla is told tonight by a telegram from St. Petersburg to Paris.

Last winter was very severe and the fishermen were unable to secure fresh supplies of food at the usual period, and the sea being frozen, it was impossible to obtain fish.

A scientific expedition visiting the islands found skeletons of the fishermen and their wives and children lying in the open. Their huts were wrecked by winds. Three dead women still hold infants in their arms were found. In one of the huts was found a diary written by one of the fishermen. One of the last entries read:

"We have no more provisions, and we cannot secure any fish. Vessels were sent approaching today, but it was only an illusion. It is terrible to see our children dying of hunger. They come to us and cry for food. We are reduced to eating our woolen garments. We are still keeping on hoping for help. All the children are dying. We are now a party of four fishermen and our sufferings are beyond all description. Two men just died. They tried to stave off hunger by eating the furs of their dead comrades."

The diary ends: "I am the last survivor. I am very feeble and am trembling and my eyes are failing."

LORD CHANCELLOR PLEADED.

London, Aug. 15.—Speaking in the house of lords the lord chancellor expressed regret at the passing of the appellate jurisdiction bill. The appellate tribunal he said, would now be in a much stronger position than before, and if any changes were to take place in the constitution of the court he thought they would be in a very easy way of making such an arrangement as would have established a supreme tribunal of the empire, the really worthy of the tremendous extent of the king's dominions. The bill, he said, cleared the road for these things.

FOURTH SQUADRON GOING.

London, Aug. 15.—The fourth squadron, which is to have Bermuda for a base, has been ordered to leave home ports for its new station on September 1. It consists of the armored cruiser Suffolk, flying the flag of Rear-Admiral Sir C. Cradock in command, the destroyer, the transport, three dispatch vessels, and a tug.

STORY OF THE SUFFERING TOLD BY THE EXPLORES

Reduced to Necessity of
Eating a Pet Dog After Killing
All the Ponies.

PONIES WERE TRAINED TO EAT ANIMAL FLESH

Captain Koch, Danish explorer,
Gives Account of His Trip
Through Greenland.

Copenhagen, Denmark, Aug. 15.—The story told by Captain Koch, the Danish explorer, of the crossing of Greenland in company with three hardy companions, shows that the dangers and hardships to be encountered on the great ice field have not decreased since the time of the late Dr. Fridtjof Nansen made their journey over a portion of these same desolate waters.

The Danish leader and his three companions, Dr. Wagner, a German explorer, and Sigurd, a native of Iceland, were reduced during their journey to eating a pet dog, the only animal left.

After landing from their ship on July 24, 1912, the first mishap occurred when the expedition was the loss of a number of ponies. Shortly afterward their motor sledges disappeared through the thin ice and the explorers were obliged to wait until nearly the end of September before the ice was sufficiently thick to carry the sledges and horses. When they were ready to start, Dr. Wagner fell, with the result that one of his ribs was broken.

In Winter Quarters.

The expedition arrived at about 10 miles to the east of Queen Louise Land on October 18 and went into winter quarters there. The shortness of the fodder necessitated the slaughtering of all the ponies with the exception of five which were gradually trained to cannibalism by being fed on the flesh of their brethren.

During a sleighing trip, Captain Koch fell 40 feet into a crevasse, breaking his right leg. This accident cost him his help in the trip throughout the winter in a temperature generally 50 degrees below zero.

In April 20, this year, the four men broke camp, and with five sledges, each drawn by a pony, started on their 750 mile march to the west coast.

During the first 40 days violent blizzards made travelling practically impossible. The ponies became snow blind and so exhausted that the men were obliged to kill three of them. The sun's rays tormented the travellers and burned the skin from their faces, which soon had the appearance of raw beef, while the temperature at night was 30 below zero.

Snow shoes were fitted to the feet of the two remaining ponies and proved of wonderful assistance to them in the loose snow. But for the ponies the explorers would have been in a worse plight.

Killed Last Pony.

Unfortunately for the explorers, it was found necessary to kill another pony on July 11 this year, because the fodder had given out. Next day the last pony was killed, much to the distress of the members of the expedition as a few miles further on splendid pasturage was found.

The rations of Captain Koch and his companions had been meanly and gradually reduced and on July 18 their provisions were finished. A howling blizzard came on top of this misfortune and the four men were compelled to take shelter under a projecting rock, where they remained for a matter of four days.

On July 15 they tried to push on to the coast, which was now visible, but they were so exhausted with hunger, cold and weariness that they were unable to move. Their only chance for life was to kill the pet dog, which had frayed with them for about 800 miles. This was done and its flesh was cooked and eaten. The meat was hardly finished when the explorers sighted a sailing boat in a ford to the east of Proven on the west coast of Greenland.

By means of shots the explorers succeeded in attracting those on board the ship, and the Danish expedition was on the ship, soon, with the assistance of the crew, had the famished and worn out explorers in safety.

RECEIVER FOR FISHRIESES.

Justice Ashbury has made an order for the appointment of a receiver and manager of the British Columbia Fisheries, limited, and has appointed that it was absolutely necessary to cable \$5,000 to pay wages and a further \$10,000 was necessary to deal with the present salmon fisheries.

SHIPBUILDING STRIKE OFF.

Hamburg, Aug. 15.—The strike in the shipbuilding industry here and at Stettin and Kiel, which had been in progress for the past month, was officially declared off Tuesday. The walkout was ordered against the wishes of the executive committee of the workers' union and was a complete failure, as the employers granted none of the demands of the men.

STEAMER RUNS ASHORE.

Sault Ste. Marie, Aug. 15.—The steamer Lake Park, bound with a cargo of cement, ran ashore Wednesday on Mud Lake. The boat was very heavily all night. Two tugs went to her assistance from the Soo, but returned and reported being unable to relieve her. The vessel's hull is left for the stranded steamer in the evening. The boat has a few passengers on board, who are in no danger, however.

WINTER WHEAT AT LETHBRIDGE.

Lethbridge, Aug. 15.—Two loads of new winter wheat arrived at the Alberta Pacific grain consignment at Lethbridge Wednesday.

"I Sleep Soundly, Feel Like New"

All Who Lack Vigor, Those
Who Are Dispirited and
Worn Out, Should
Read this Carefully

Proof That Health and Renewed Vi-
tality Quickly Return When Right
Remedy is Used.

"I am only thirty years old, yet for almost two years I have felt more like seventy-five. I have found it difficult to sleep at night, and in the morning felt so depressed and heavy that effort was difficult. My hands were always clumsy and perspiration on slight effort would break out all over me. It was not unusual that I should be unable to brood over the chance that I should be unable to do my work, and this dread made my sleepless nights perfect misery. After repeated trials of medicines and mixtures, Dr. Hamilton's Pills gave me the first gleam of hope. From the very first I could see they were different in action from other pills. They didn't gripe and acted as naturally as if nature and not the pills were cleansing my system. My spirits rose. I felt much better. The sluggish action of the system gave way to normal activity. Headaches and headaches ceased, appetite, good color and ambition to work returned, and I have remained. I am like a new man, and I think Dr. Hamilton's Pills for it all."

This was the experience of J. E. Parkhurst, a well known grocery dealer in Jefferson. Follow his advice, use Dr. Hamilton's Pills for your stomach, kidneys and liver, and you'll enjoy long life and robust good health. All druggists and storekeepers sell Dr. Hamilton's Pills, 25c per box, 5 boxes for \$1.00, or postpaid from the Caltirrhoeum Co., Buffalo, N.Y., and Kingston, Canada.

NEW ELEVATOR FOR MONTREAL

Harbor Commissioners Decide
that Building to Hold Three
Million Bushels.

Montreal, Aug. 15.—A new grain elevator, especially for export trade, will be built by harbor commissioners with a capacity of nearly 3,000,000 bushels. This will bring the total capacity of the elevators of the port to 10,765,000 bushels. Although the site has not been decided upon, it was announced by an official of the harbor commissioners that the new elevator will be situated in the east end of the city, very near the city, and will be built on one side and loaded on the other.

The grain congestion in the harbor has existed especially since yesterday. The elevators operating at double speed so that many of the sailing grain boats have been unloaded.

POLICE EFFECT FIRST ARREST

Unknown Person Arrested in
Connection With Murder of
Toronto Millionaire.

New York, Aug. 15.—At one o'clock this morning it was announced that an arrest had been made in connection with the murder of W. G. Martin, the Toronto millionaire, whose body was found in a west side lodging house on Tuesday evening.

It was stated that the prisoner had been captured at a point about 55 miles from New York, but Deputy Commissioner Dougherty declined to say whether a man of a woman was found in custody and refused further information until the captive reaches New York.

The body of Martin was taken to Toronto by an afternoon train Tuesday by his former partner, Wm. Mortimer.

STILL GREATER DREADNOUGHTS.

London, Aug. 15.—Remarkable developments in the construction of dreadnaughts are embodied in the battleship Queen Elizabeth, to be launched at Portsmouth next October. Both speed and armament are superior to those of any battleship afloat. It is built to burn oil fuel and adds two knots to any previous dreadnaught speed.

HONORARY PEACE DEGREES.

The Hague, Aug. 15.—The forthcoming opening of the Palace of Peace on August 18 is to be commemorated by the university of Leyden by the bestowal of honorary degrees on Senator Ellis Root, who will be represented by Dr. James Brown Scott, international peace; on Louis Renault, permanent French delegate to the Hague tribunal; on Alfred Fried, the Viennese pacifist; and on the late T. M. C. Asser, Dutch statesman.

FOUND DEAD IN SHACK.

Swift Current, Aug. 15.—John Brodwin, living on a homestead about 15 miles north-west of Swift Current, on the northwest branch of the C. P. R., was found dead in his shack yesterday morning by a legislator. It is not known how he met his death. The mounted police of this place were notified and have gone to the scene.

NO ROCK FOUNDATION.

Regina, Aug. 15.—Engineers working on the new O. T. P. Hotel here have come to the conclusion that a rock foundation five feet thick over the entire bottom of the excavation to support the big building structure, on account of the impossibility of finding a rock bottom, has been driven into the ground and found to be composed of soft mud. The foundation is practically completed at 24 feet.

TURKEY DEFIES THE POWERS AS TO ADRIANOPLE

Will Not Yield up the City as
Result of Threats From
Any Sources

200,000 TROOPS READY
TO FIGHT BULGARIANS

They Would Rather Perish Al-
together in One Final Cata-
clysm than Surrender to
Demands.

London, Aug. 15.—Turkey's defiance of Europe, even in the face of Sir Edward Grey's threat, that she must evacuate Adrianople or take the consequences, finds vehement expression in an authorized statement of the grand vizier transmitted by Ahmed Barlett, the London Daily Telegraph correspondent.

Without quoting the vizier's actual words Barlett says:

"Turkey will yield to no threats from any source. The refusal of Europe's financial aid will not move her an inch, no naval demonstrations will break her determination; even an armed intervention by any of the powers will be resisted to the bitter end.

Backs to the Wall.
"In fact, the Turks would rather perish altogether in one vast final cataclysm than to hand back Adrianople and Thrace to the tender mercies of the Bulgarians. The Turks have their backs to the wall. Turkey desires to remain on good terms with all the powers, but neither the government nor the Turkish people are prepared to purchase the good will of Europe at the expense of hundreds of thousands of innocent Mohammedan men, women and children.

"Adrianople can only get again into the hands of the Bulgarians over the bodies of 200,000 picked Turkish troops."

France Supports Russia.

Paris, Aug. 15.—The Petit Parisien says this morning that it learns that France will support Russia in a proposal Russia intends to make to the powers, that Turkey's supply of money be cut off until the Ottoman government orders the evacuation of Adrianople.

Turkey, according to the Petit Parisien, will be compensated for withdrawing from Adrianople by a restoration of the Enos Midia frontier line as determined by the peace conference in London.

HALDANE'S VISIT TO BE RECOGNIZED

British Chancellor Will Inspect
American Cadets at
West Point.

Ottawa, Aug. 15.—The approaching visit of Lord Chancellor Haldane to England, to Canada, will be officially recognized by the Dominion government, and Hon. C. J. Doherty, Minister of Justice, will meet him at West Point, where Lord Haldane will inspect the American cadets on August 30th. Mr. Doherty will accompany Lord Haldane to Montreal. The following day, Sunday, Aug. 31st, Doherty will spend quietly in the Royal City, the only function being a private dinner given by President Kellogg, of the American Bar Association. On Monday, Sept. 1st, Premier Borden will give an address of welcome in Montreal to the association. Lord Haldane will also address the association.

On Monday night the Minister of Justice will give a banquet at the Carlton in honor of Lord Haldane, and among the guests will be the president Taft. On Sept. 2nd Lord Haldane will catch the train to New York, sailing on the steamer on which he will come over. He will be accompanied by his daughter and his secretary, Sir Kenneth Muir Mackenzie.

HAS INVENTED SELF- RIGHTING AEROPLANE

British Army Officer Has Invented an
Aeroplane Which Makes It Per-
fectly Safe to Fly in any
Kind of Wind.

Villa Coublay, France, Aug. 15.—The new self-righting flying apparatus invented by Louis J. W. Gougeon, retired British army officer, underwent most successful trials on the aerodrome here yesterday. Gougeon is commander of General August Hirschauer, commander of the aerial corps of the French army.

Major Julian Riehl, a French army aviator, was the pilot. He ascended in a light wind, encountered too strong to face by the other aviators present.

The apparatus displayed a degree of stability which drew expressions of amazement from all the expert witnesses. From time to time, Major Riehl removed his hands from the levers and held them above his head to show the automatic equilibrium of the machine, which remained on a perfect level even when it encountered eddies, air pockets or squalls.

R. D. ISAACS MELD.
Boston, Mass., Aug. 15.—At the request of Canadian authorities the Federal court yesterday held Richard Melnick under bonds for an extradition hearing today. Melnick was wanted on a charge of having killed three men in Alberta. He was arrested for the Boston police in New York on May 8, charged with forgery. This charge was placed on file.

A Frank Statement of the Reason Why We Offer for Saturday 100 of Our Regular High Grade \$15 Suits at \$10

The reason is that we want you in our store—we want our aisles always to be crowded, our sales people always busy. By this method we increase our business. Obviously we could not make any money by selling \$15 suits at \$10 if we had nothing else to sell. But it is reasonable to suppose that the men who get these suits will also purchase their hats, overcoats, fur shoes, underwear, etc. here. We offer 100 of our \$15 suits tomorrow at \$10 so that we may also get some of your regular business at regular prices—and Ramsey regular prices are always worth being acquainted with. This is a frank statement. We have cut \$5 off the price of these suits so that you may come in and see what else we have to sell. We believe our prices on other articles to be so low that if you will see them you will buy.

The Suits at \$10

These Suits are the famous "Ramsey \$15 Specials"—the suits that have earned for themselves the reputation of being the best Men's and Young Men's Suits in Western Canada at \$15. SOCIAL AND PERSONAL

Edited by F. MARIE NUNAN.

THE GAY WORLD.

Mr. and Mrs. P. T. Butchart and the Misses B. and L. Butchart of this city are visiting friends in Guelph, Ontario.

Mrs. B. H. Taylor, of Calgary, and her mother, Mrs. Smith, of New Brunswick, are visiting friends in town.

Mr. and Mrs. Campbell and little Miss Jean of Lacombe are the guests of Mrs. Campbell's parents, Mr. and Mrs. Joslin, seventh street, and Mrs. Avoek.

Mr. Chester Elliott, of the Citizens Bank staff, Vancouver, is visiting his sister and brother-in-law, Dr. and Mrs. Dunn.

Mrs. S. J. Gorman is in Banff for a short time.

Miss Kate Snyder is in town from Vancouver to spend a month with her aunt, Mrs. Edmonston, fourteenth street. Later on she will visit Miss Edmonston at Clover Bar.

Mr. and Mrs. Rob Shirley, Mile 37, are in town for the fair, and are registered at the King Edward.

Mrs. Kerr, University Campus, has gone to Cooking Lake to be the guest of Mrs. Gaultley.

Mr. and Mrs. James Brennan are the guests of Dr. and Mrs. Duncan Smith for the fair.

The engagement is announced of Miss May L. Arncliffe, of Edmonton, daughter of Alexander Arncliffe, late of Scotland, Ontario, to Reginald O. James Smith, also of Edmonton, formerly of Bristol, England. The marriage is to take place early in September. Miss Arncliffe is editor of the Sunshine Department of the Journal, and one of the brightest newspaper women in the province. Mr. Smith is also on the staff of the Journal, and editor of the Atlantic World. The wedding will be a quiet one.

Mr. Elsworth Seymour, Red Deer, is in town for the week-end.

A quiet wedding was performed yesterday afternoon at the home of the groom's brother-in-law, Mr. Alex. Walchorn, 416 Fox street, when Miss Annie J. Giles, of Beaton, Man., became the bride of Mr. James Lloyd Paul. The Rev. J. E. Duxlos, B.A., officiated.

Mr. G. A. Hutton, of the Lacombe Experimental Farm, was a visitor in town for the fair.

Mr. Wallace Archibald and Master Cecil Archibald, of Lacombe, are the guests of Mr. and Mrs. G. B. Lewis, 2013 Jasper east.

Professor Elliott, of Calgary, was a visitor to town for the fair.

Mr. and Mrs. Frederick Blair and two little boys are the guests of Mr. and Mrs. Atkins, south side. Mr. Blair is a prominent lawyer in Regina.

Mrs. Hishop was the hostess of a charming little tea Wednesday afternoon in honor of Mrs. Jaycock who

JURY WILL BE PRESENT AT WEDDING

was visiting her daughter, Mrs. Davies, and son on their honeymoon. The hostess wore a white lingerie gown and the guest of honor was in soft grey satin with touches of cerise and hat of grey with grey and white plumes.

The festive centred with a low bowl of nasturtiums in the chalice of Mrs. J. W. Macdonald and Mrs. J. A. Anderson. Assisting were Mrs. John Rogers, Miss Cross and Miss Lucy Oliver.

A few of the guests were Mrs. Haycock, Mrs. Sifton, Mrs. Short, Mrs. J. B. Hyndman, Mrs. Hyndman Sr., Mrs. Dowers, Miss Bowers, Mrs. Muir Frith, Miss Gaultley, Mrs. Howard Douglas, Mrs. T. C. Douglas, Mrs. T. A. Davies, Mrs. Calderon, Mrs. Wilfred Harrison, Mrs. James Smith, Mrs. Hume, Mrs. Benson, Mrs. Norquay, Mrs. Galloway, Kippickpatrick, Mrs. Kenneth Bowman, Mrs. Kenneth Macdonald and Mrs. Ambrose Dickins.

Everybody is sorry to hear that the Allan Frasers are leaving town. There's been a hospitable home and Mr. and Mrs. Fraser the most delightful of hosts and housewives. Mr. Fraser who leaves Saturday will return in a week or so and will take Mrs. Fraser and the family back to their home. Fraser and the children are at the present time at their summer place.

The coming of Mr. and Mrs. Belcher to town to live is a matter of genuine rejoicing among a great circle of friends. Both Mr. Belcher and his charming wife were exceedingly popular in Lacombe, and there their friends are regretting their removal.

Mrs. Bulgar, sister-in-law to the late Mr. Fraser, arrived there she will visit her sister Mrs. Simpson for a week or 10 days before returning to town. Everybody will be glad to have the mistress of government house back again.

Mrs. Hurd a townswoman until a year ago, is staying with Mrs. J. Henry Pope for a short time.

Miss Eleanor Crawford left the middle of the week to take the Skagway trip. Miss Crawford will be absent a month or six weeks.

Mr. and Mrs. Robert Blair, of Vancouver, are spending fair week with Mrs. L. B. Buck, twenty-sixth street.

Miss Constance Buck, who has been spending the summer in the coast cities, will return to town about the middle of the month. At present Miss Buck is camping at Buccoo Lake, with a jolly party from Vancouver and Victoria.

NO MILITANCY HERE AND WHY?

London, Aug. 15.—This party of Canadian teachers who are visiting England have been fastened upon by more than one reporter. English newspapers, of course, never print anything which is but absolutely accurate. The interviews quoted below appear in the London Evening News:

"The only difference I have noticed between Canada and England," said one of the teachers, "is that the voices of your children are so much more melodious than ours. And I think they are prettier too."

"We are stronger on patriotism than you are in England. No school in Canada can receive the government grant unless the Union Jack is hoisted over the building every morning."

Another teacher from Quebec had some pointed things to say about the "happer."

"I guess some of your girls can't receive any education in 'tasté,'" she said. "I saw something yesterday that fairly set my teeth on edge."

"She was about 17, and wore a

brass hat with a red feather, a yellow short jacket, a blue blouse skirt and the heels of her shoes were nearly six inches high."

"And we came to London to see the fashions."

Another who came from Saskatchewan and who saw the suffragist riot in Whitehall was very uncompromising.

"They're just mad," she said, "and I won't say any more. There's one thing you can say, though, and that is that we shall never have any militancy in Canada."

"It isn't because we should send them to jail or chain their heads or anything of the sort. The point is that in Canada there are more men than women."

"In England it's the other way about and the women have to dance to the tune of a man. I don't think in Canada all the girls can get married. Isn't that so, Miss Alberta?"

And then, for some reason, she hastily added: "At least that is, I mean, all who want to."

LAMENTS PASSING OF "FLAPPER"

Grief is the grief of an English woman after 10 years spent in the Orient concerning the disappearance of the "flapper," the English girl of England.

In the New York Evening Telegram she says: "It seems to me that the 'flapper' has gone out now. Today she is a schoolgirl, tomorrow she is grown up with settled views, positive convictions and ready regard for the opinions of her elders."

"It is a bit of a shock to discover a niece in her teens prepared to discuss with me the subjects of sex and morals. When I was her age I would have escaped from the room with blushes. Everywhere you see the effects of the new freedom—in the buses, in the tubes and in the shops. There is no

hide-in-the-corner—speak—when-you-are-spoken-to—reluctance any more. Their hair is put up and their frocks lightened around the hips, the modern mixers are ready for the fray—confident and brazen and eager to startle their men friends by their freedom of speech."

"What had I then? I cannot quite make it out. I suppose it is a development of modern education—a stage forward in the fight for sex equality. To me it is just rather startling. I should like to hark back a little to my childhood. I should like to see again the long, long-legged, shy young girls of my own school days, when we played up and down the garden, and the 'flapper' had died out altogether and it is a pity."

MINOT QUIET AFTER TURBULENT FEW WEEKS

Industrial Workers of the World Did Not Succeed in Causing the Trouble They Had Scheduled For Today.

Minot, N.D., Aug. 15.—The demonstration of Minot citizens to end the riotous conditions brought about nearly a week ago by the industrial workers of the world, evidenced itself last night, and as a result the city has been comparatively quiet.

A terrific rain storm, the second in a week, fell about the time that it is supposed the industrial workers had planned a street meeting, and though the storm was of but short duration, no attempt was made after the storm to begin the scheduled trouble.

Early last night six mounted police officers made a tour of the city's outskirts, telling members of camping parties in the so-called "jungles" to leave the city, and many of them immediately complied.

TRAFFIC COMMITTEE HAS ISSUED REPORT

Over Fifty People Injured and Killed Every Day in London Since Introduction of Motor Omnibuses.

London, Aug. 15.—The gigantic and growing traffic problem has been grasped by a parliamentary committee which now has issued a report making drastic prescription for better control. Since the introduction of motor omnibuses, the number of road accidents annually has been tripled. Last year the average was more than one death daily and 50 injuries. About a third of the total is due to the motor bus which has been called the London juggernaut.

The committee proposes to create a special "board of traffic" for London, a stricter control of public motor vehicles, their speed, routes, etc., a more efficient system of general traffic control on streets and more safeguards for pedestrians.

ROCHE ON HIS WAY PRAIRIE PROVINCES

Minister of Interior Will Investigate First Hand Important Questions.

Ottawa, Aug. 15.—Hon. Dr. Roche, minister of the interior, has left for the west to investigate at first hand a number of important western problems affecting his department. The minister will take three weeks or a month visiting most of the important districts in the prairie provinces. One of the principal questions upon which the doctor wishes to obtain the western viewpoint is the objection to grazing regulations.

A number of important questions affecting western reserves will also be investigated by the minister. The most important is the St. Peter's reserve, trouble which is still unsettled.

A deputation will meet Mr. Roche at Calgary, where a number of farmers will discuss with the minister the difficulties of the St. Peter's reserve and irrigation lands. The subject of the appointment of a number of new sub-land agencies will be inquired into by the minister and the question of changes in the Dominion land will also be investigated.

Mr. Roche expects to visit the Dominion public park at Banff, where he has been making inquiries in improvements this year.

TO INVESTIGATE POLICE IN PARIS

Prefect Suspends Eight Plainclothes Men—Alleged to Put Arms in Prisoners' Pockets

Paris, Aug. 15.—The prefect of police, as a result of an inquiry, has suspended eight plainclothes men of the 52nd division. He has also censured and transferred several others who he holds blameworthy of insufficient supervision. It is alleged that the policemen slipped pistols, knives and other weapons into the pockets of men they arrested.

Thureau, a scene shifter at the Odeon, who was sentenced for carrying concealed weapons, declares that the knife found on him was placed in his pocket by a policeman. One Roscaud was condemned to 18 months imprisonment for theft of a pocket book which was put in his pocket by the police. The police made a mistake when they arrested the nephew of a politician and later a professor's son.

JUGGLER PEORIAN

Both Turkington and a wretched hand. Of this he said in New York recently:

"Once, crossing to Naples, I sat in my deck chair with pad and fountain pen, at work on a short story. A young Peorian slipped before me."

"By gosh," he said, "I wish I could write as well as you do."

"I smiled and the Peorian resumed his promenade. The next time he passed me he said again:

"I wish I could write like that!"

"Again I smiled a flattened smile, and the Peorian made another round of the deck. Then he said a third time:

"Oh, if I could only write a hand like yours!"

"Nettled a little by this third interruption, I said:

"Well, what would you do if you could?"

"Go to China," said the Peorian and wrote labels for tea boxes."

SUFFRAGETTES ATTEMPT TO BURN SCHOOL HOUSE

"We Work While David Lloyd George Preaches" Was Note Left Beside Burning Building at Carnarvon.

Carnarvon, Wales, Aug. 15.—Suffragettes made an attempt yesterday to burn the Carnarvon county school. The fire was discovered shortly after it was set, and the flames were able to extinguish it before much damage resulted. The usual suffragette literature was found outside the building and also a card, on which was written: "We Work While David Lloyd George Preaches."

WISE YOUNG WIFE

Not all young matrons are so unsophisticated as some persons think. One striking exception resides in England. Entering the butcher shop on the eve of a horse party to be given at her home, she saw displayed a dozen chickens.

"Please pick me out a half dozen chickens that are tough," she said. "I have a special reason."

The butcher was able to distinguish it before much damage resulted. The usual suffragette literature was found outside the building and also a card, on which was written: "We Work While David Lloyd George Preaches."

"Then send the other five to my house at once," said the young matron. The butcher is guessing still.—New York Times.

The World's Best Liniment Needed in Every Family From Infancy to Old Age

If Your Home is Without "Nerviline"
Read the Following Closely

The high cost of living today demands economy on every side. Sick-ness is expensive. Far better to treat little ills before they grow serious. For this reason every home should have handy on the shelf a good remedy like Nerviline, which cures the minor ailments that occur in every family.

For example, when the boy comes in with wet feet and a slight cough, Nerviline will cure him. If a cold has settled on his chest run on Nerviline and the cold will go.

If something has been eaten that causes cramps, nausea, or diarrhoea, just twenty drops of Nerviline—that's all and cure is effected.

As a liniment for outward application in case of Neuralgia, Lame Back, Sciatica, Lumbago or Rheumatism, it's really hard to imagine how Nerviline relieves, and how soon it cures. Nerviline is nothing new. No, it's one of the oldest and best known remedies. Used in thousands of homes by the people of many nations, simply because it stops pain, cures sickness, and rids the family of ills before they become troublesome. Get the family also bottle, price 50c; trial size 25c, at all storekeepers and druggists. The Cuttarrone Co., Buffalo, N. Y.

\$50,000,000 CHINESE LOAN.

Peking, China, Aug. 15.—A Belgian syndicate today signed with the Chinese minister of communications an agreement for a loan of \$50,000,000 at five per cent. interest in connection with the new railroad to be constructed in the province of Szechuan and Sze Chuen. The cabinet approved the transaction, which, however, has not yet been submitted to the Chinese parliament.

Own Which Caused the Trouble.

New York, Aug. 14.—Frequenters of Coney Island have been waiting for a return of Miss "Billie" Schultz and her X-ray skirt, which created a furore and gave the truth about the famous resort.

Just half hour last Sunday, Miss Schultz, who believes in "the very latest" fashions, appeared in the Luna Park section of Coney on Sunday afternoon.

She walked between a group of men and sunlight.

Several male heads nodded in jerks and twos as many eyes at heads popped out of their sockets.

Other men were told of the widows to be seen, and in a short space of time Miss Schultz was forced to seek refuge in a ladies'. She said she was coming back, and Coney is waiting for the second visit.

AMERICAN OPERA SOON BE WRITTEN

William Burress Says That
Also the Singing in English
Bound to Come.

A real American grand opera will soon be written, according to William Burress, the well known character actor who comes to the Empire theatre the first half of next week as the featured member of the "New Sing Birds" on the Orpheum vaudeville bill.

"There seems to me no reason why America should not build up a list of operas truly its own," says Mr. Burress. "A beginning has been made with 'Nations,' by Victor Herbert, and 'Carmen,' for which Walter Damrosch has written the music. Herbert has the proper idea for the true American opera will be American in subject and treatment. Why should some American composer choose some French or Greek subject? The composer will find inspiration in some of the primitive music of the American people, something as Dvorak did in his 'New World Symphony.'"

"The singing of opera in English is bound to come also. However, that is much less momentous. American opera singers are more numerous and better recognized. It is difficult to understand a French or Italian prima donna singing in English. With many of our own many it is difficult enough to understand them."

WOMAN HURT IN AUTO MISHAP.

Vancouver, B.C., Aug. 15.—Mrs. Charles Vane, wife of a prominent wholesaler of Vancouver, who is captain in militia, was seriously injured at Holliston yesterday in an auto accident. The car was being driven by her husband when it skidded and struck against a tree.

SAYS HALF THE FARMS HAVE BEEN MORTGAGED

Farmers in the Saskatchewan District At-
tending Credit and Market Com-
mission Make Statements.

Saskatoon, Aug. 15.—Declaring it impossible to get one dollar from the banks on personal loans, and that money on mortgage could only be obtained at from eight to 10 per cent, a large number of representative farmers from the Saskatchewan district attended the royal commission on agricultural affairs and grain markets here yesterday afternoon. Farmers declared that from 50 to 90 per cent of the farms in the district were mortgaged and complained of the heavy charges for negotiating loans. The commission meets at Kindersley and Scott today.

IT DID

A Bostonian was showing a British visitor the sights of the Hub. They were driving out past Bunker Hill monument. Not wishing to make any pointed reference to the fact that at one time we had been fighting with our cousins, the Boston gentleman merely indicated the monument with his thumb and said "Bunker Hill."

"The Englishman looked at the hill intently and asked: 'Who was Mr. Bunker, and what did he do to the hill?'"

"You don't understand," said the Bostonian. "This is where Warren fell."

The Englishman screwed his monocle into his eye, leaned back, and looking at the top of the towering shaft, remarked indignantly: "Gilded him, of course?"—Everybody's Magazine.

EUROPEAN WAR IS HELD IMPROBABLE

Entente Cordiale Between
Great Britain and France
Believed Will Prevent It

Quebec, Aug. 15.—In an interview here last evening, Sir Gilbert Parker, M.P. for Gravesend, expressed the opinion that the entente cordiale between Great Britain and France would prevent a European war.

With regard to the naval question he said the people in the old land felt sure that Canada would take an honorable part in the defense of the empire.

Saying that he was a boy when he left Canada, Sir Gilbert said he never took sides in organizing politics and therefore could not express any opinion on the subject now. He would only speak on them in the British parliament.

Speaking of Canadian debentures and relations Sir Gilbert said the disinclination in Canadian issues would only be short-lived.

Sir Gilbert expressed how highly he thought of the honor of the University, a French-Canadian and Catholic institution, had bestowed on him last year when it conferred the degree of D.C.L. on him.

Sir Gilbert arrived here from England yesterday on the Empress of Ireland. He will leave for Murray Bay in the morning, to spend a week subsequently going to Toronto and then to the west.

The Terrible 47.

The cocksack's thundering across the plain. Of heat and dust and thirst complain—Why the hurry, why the Russian? Yelled the captain, "Stop your cousin!"

"For three weeks," he began—and so powerful of voice was he that they told the words Russian from his lips—"the Terrible 47 have been engaged in a go-as-you-please vodka race, the winner to have the inevitable privilege of assassinating the Royal Duke Hiberniakiesky."

"I have the honor to announce that J. Holman Asanandrasov, having consumed 1,000 gallons of vodka, must hurl the bomb at the hum tonight!"

Holman, a two-foot bomb tucked conveniently under his right arm, holding near the front doorbell of the Royal Duke Hiberniakiesky.

The butler opened the door. "I am Holman," blazed Asanandrasov. "I have come to throw a bomb at your tyrannical master!"

The butler smiled provokingly. "The Royal Duke Hiberniakiesky died just three weeks ago," he said.

Holman reported as much at the next meeting of the honor of the University, a French-Canadian and Catholic institution, had bestowed on him last year when it conferred the degree of D.C.L. on him.

Partial contents of Webster's New Illustrated Dictionary

Based upon Noah Webster's Dictionary, revised and brought UP TO DATE in accordance with the most eminent English and American authorities on spelling, pronunciation and definition, and especially designed to meet the popular demand for a CONVENIENT, complete and RELIABLE Dictionary.

It contains all the words of the English language that are not peculiarly appropriate to a Dictionary of technical terms; it gives the spelling and pronunciation of Plurals, and indicates the use of capital and small letters in writing every word in the vocabulary; it gives the Past Tense and the Particles of all verbs not regularly formed by the addition of -d, -ed, and -ing; the Pronunciation of each word is plainly indicated by phonetic spelling; the Definitions, comprehensive, yet concise, are accurate and reliable.

Preceding the Dictionary proper will be found a treatise on ABBREVIATIONS of the Parts of Speech and their grammatical signification. Also a discourse on the Origin, Composition and Derivation of the English Language.

The ANALYSIS of the "Principles of Grammar" will fill a long-felt want in promoting the correctness of speech, both spoken and written.

Under the head of "SIMPLIFIED SPELLING" will be found the rules as adopted by the SIMPLIFIED SPELLING BOARD, and giving a complete list of 300 words spelled in two ways, of which the Board says, "Choose the simpler spelling."

Finally is given a complete KEY TO PRONUNCIATION.

Surprising results are obtained in looking up the Spelling, Pronunciation and Definition of the

NEW WORDS
which have been incorporated into our language only yesterday, as it were. For instance: Aviator, Bi-plane, Brainstorm, Cordite, Okapi, Carburettor, Dictograph, Hookworm, Krypton, Lettergram, Nickelodeon, Olerize, Stovaine, Taxicab, Zemule, Hangar, Equilibrator, etc.

Kent Defeated, Yorkshire Wins
—Sussex Beat Somersetshire—Some High Scores.

London, Aug. 15.—With perfect weather all county cricket matches started on Monday were played to a finish. Following are the results: Kent defeated Yorkshire by 10 runs, this time from Surrey at the Oval, Kent 144, Yorkshire 40. Top scorers were: E. W. Dillon 135, and A. P. Day 73 for Kent, and the reliable Hobbs, Surrey, 115. Hitch, the young Surrey professional, took eight wickets for 48 runs in their home grounds.

At Sheffield Yorkshire scored a three-wicket victory over Middlesex. For Yorkshire Kitcher and Rhodes were the principal scorers, contributing 94 and 46 runs respectively, while Hobbs captured the Middlesex wickets for 45 runs.

A Nottinghamshire gained a handsome victory over Leicestershire at Nottingham by 45 runs in 140 runs. A. W. W. and O. M. Lee 500 not out, were the chief scorers of the play.

At Bathurst Somersetshire beat Somersetshire by five wickets, the winners' scores including A. W. Lang 141, while for the losers D. R. Johnson scored in reaching the coveted century at Bathurst 52.

Nottinghamshire took seven wickets for 41 runs.

**RASH ON ARMS
ALMOST UNBEARABLE**

Looked Like Raw Meat. Itched and Burned So Badly Could Not Rest Night or Day. Arms Sore From Wrist to Elbow. Cuticura Soap and Ointment Completely Cured.

Lower Blandford, Nova Scotia.—"Three years ago I became troubled with sore arms. It came as a rash. My arms looked like raw meat and itched and burned so badly I could not rest night or day. When it came on they became awfully sore. As long as the weather was warm it did not bother me so much, but in winter it was almost unbearable. My arms were sore from the wrist to the elbow.

"I used several cures which were recommended to me but without any avail. I saw how I could get a sample of Cuticura Soap and Ointment which I did. I used the sample and found an improvement. Whenever I applied the Cuticura Ointment to my itchy and burning arms I got a full box of Cuticura Ointment and a cake of Cuticura Soap and only used about half when I disappeared and since then I have not been troubled. That was six months ago. Cuticura Soap and Ointment completely cured me." (Signed) Mrs. E. Black, Mar. 7, 1912.

Cuticura Soap and Ointment do so much for itchy, blackheads, red, rough skin, itching, scaly scalp, dandruff, dry skin and falling hair, chapped hands and chapped nails with painful discharges, that it is almost criminal not to use them. A single cake of Cuticura Soap and box of Cuticura Ointment are often sufficient when all else has failed. Sold everywhere. Liberal sample of each mailed free, with 25¢ Skin Book. LIVE FOXES MUST STAY IN PROVINCE

That is What Will be Law if Proposed Measure is Acted Upon Favorably.

No live foxes will be allowed to be taken out of Alberta until they have been kept for at least a year on a ranch within the province, if a measure which is being drafted by Gormack and Mackie, solicitors for the newly formed Edmonton Silver Black Fox company meets with the approval of the legislature.

A similar law has been in existence in Newfoundland for the past year, and according to J. Leonard Paul, organizer of the company, it has worked very successfully. Mr. Paul has sent in Newfoundland for a copy of the act in force there and it is probable that the Alberta act will be modelled on the Newfoundland one.

Mr. Paul stated that the measure, if it passes the legislature, would do more than anything else to put the live fox industry in Alberta on a sound and permanent basis. At the present time northern foxes bring a much lower price than ranch bred animals, the reason being that their pedigrees and breeding capacities are unknown. After a pair of wild foxes have been kept on a ranch for a year, however, something of the animal's powers are known. In this way, Mr. Paul stated, the purchaser was protected, while the trader obtained a much better price for his foxes.

It is expected that the measure will be presented to the legislature at the first opportunity.

CHININATTI HAD FIRST "PROF." BASEBALL CLUB

A correspondent with a thirst for information wants to know who originated commercial baseball. That honor belongs to Harry Wright, and his Cincinnati Red Stockings were the first regular aggregation of professionals. Wright had been a famous cricket player before he took up baseball. It was in the early '60's that he was abandoned, and Wright was the first to take advantage of the commercial possibilities of the game. He got together a team of star players from many cities and in 1869 made a tour that extended from the Atlantic to the Pacific. They played fifty-seven games on this tour, and won all but one, which was a tie. They scored a total of 2,349 runs against 574 for the enemy. And this club, remember, was the Cincinnati Red Stockings. They whipped the Troy Haymakers, perhaps

the second professional club; the Cleveland Forest Citys, Harvard, the New York Mutuals, the Washington Nationals, the Philadelphia Athletics, Rockford, St. Louis, San Francisco, and other famous lines of the period.

The Red Sox remained undefeated until 1870, when the Brooklyn Atlantics took their measure, 8 to 7. That summer they also came near to defeat by Harvard, but were saved by chasing in seven runs in the ninth after two men were out. Soon after this Harry Wright went to Boston and in 1874 accompanied the Boston club to England. With the formation of the National League in 1870 Wright became manager of the Boston, and won the pennant in 1877 and 1878. Cincinnati made a poor showing in its first year with the National league, finishing last, and dropped out of the circuit. The Red Sox returned to the fold in 1878, but dropped out again in 1881. Cincinnati returned to the league in 1890. The American association placed a team in Louisville the following year, but it was soon transferred to Milwaukee. The Red Sox, although the most ancient of professional clubs, have never won a pennant. The Boston Americans, who the fans of the Ohio city have become a disgruntled and discouraged lot.

V.A.O. CHALLENGER.

Vancouver, Aug. 15.—The Vancouver Athletic club increase team, former champions of Canada in amateur circles, who relinquished their hold on the Mann cup when they turned professionals a month ago, last night, wired the Mann cup trustees challenging New Westminster to a series for the Mann cup. They suggest August 30 and September 6 as dates for the games.
